Grant Request Guidelines and Requirements for
Grant up to \$85,000***

Grant Focus: The focus of the 2022/23 Rotary grant will be to fund one or more projects that provide an innovative solution to serving Oklahoma City citizens in need. Ideas may include projects such as playgrounds, transportation vehicles, audiometers for children, eye testing equipment, or teaching kitchens. In addition to applications for larger projects, will also consider funding more than one smaller project so applications for projects of all sizes are welcome. **We DO NOT fund operating expenses, including salaries.** Since the funds will not be dispersed until February/March 2023, **projects must be those that will begin in the spring/summer.**

Our guidelines continue to evolve, and Rotary Club 29 reserves the right to change its criteria without prior notice at any time.

An organization may submit only one application each year. The Rotary Club of Oklahoma City reserves the right to reject any application for any reason, including if it is late or incomplete in any way. The Rotary Club of Oklahoma City also reserves the right to select the winner, in its sole discretion and based on whatever criteria it deems to be appropriate.

*The \$85,000 amount is an estimate of the amount we believe will be contributed by our members.
The final grant amount will be determined by the success of the Club's fundraising efforts.

The Annual Project Committee will present its recommendation to the Club 29 Board for final approval in late September. All applicants will be notified of our final decision. The Project Committee will then proceed to raise the needed funds during the year-end giving season. The winning organization will be asked to make a short presentation regarding the project at our meeting on **Tuesday, October 4 at noon**. Funds are anticipated to be available to the selected organization by February of 2023. Once the funds have been dispersed, the grant recipient will be required to submit progress reports every 6 months until project completion.
